

Year 4's Home Learning Letter

Friday 27th March 2020

If you need any help, want to show me any work or just say hello, then you can contact me by email at year4teacher@kingsapps.co.uk. I'll reply to you as soon as I am able to do so.

|----------------------------|--|
| Mr Harrison's daily update | <p>Good morning my fabulous class! What a strange week it has been. Missing you all so much! Your work and lovely emails keep pouring in which is making me smile so much. I do hope you are all getting the chance to get some fresh air and exercise every day. Don't forget to start your day with the Joe Wicks workout! Have a really lovely weekend and I shall speak to you all again on Monday – can't wait!!!</p> |
| Golden Time | <p>It's Friday, so I feel that you all deserve Golden Time for working so hard. Here is a link to one of my mindfulness relaxation sessions if you'd like to try it.</p> <div style="text-align: center;">  <p>Meditation - Spaceship.mp4</p> </div> |
| Spelling Sentence | <p>To end the week, I'd like you to revisit the spelling sentence of the week that you created on Monday. Ask your grownups to test you on it (no cheating!) Get them to score you out of 10. Spend some time correcting the ones you got wrong.</p> |
| English Reading & Writing | <p>First of all, spend 15-20 minutes reading your library book. Whilst you are reading, try and find some striking adjectives that make the story sound exciting.</p> <p>Today I'd like you to write a book review of that book (it doesn't matter if you have finished it or not). What is the book called and who is the author? What did you like/dislike about the book? Would you recommend that people read the book? If so, who?</p> <p>If you'd like an extra challenge then try to write the next chapter. What would you like to see happen next?</p> |
| Maths | <p>Log onto Maths Shed to practise your times tables and counting.</p> <p>In your books, try and complete this maths challenge:</p> <p><i>Creepy Crawlies</i></p> <p>Mr Harrison collects lizards, beetles and worms. He has more worms than lizards and beetles added together.</p> <p>Altogether in the collection there are 12 heads and 26 legs. How many lizards does Mr Harrison have? Why?</p> <div style="text-align: center;">  </div> |
| Wider Curriculum | |
| Jobs for the Weekend | <p>I have been very excited with all the ideas you have been sending me for the village task. Next week, I will be giving you all some very specific tasks each day to help create our villages, but today I have been very inspired by one of you that suggested a water park.</p> <p>Now, villages don't tend to have big water parks however what's the fun in having a village that DOESN'T have a water park 😊</p> <p>So I would like you to design an adventure playground that could also have water rides if you wish (you can use Google Images for some inspiration). Remember, your adventure playground/waterpark needs to be built in a small village, so don't start designing an entire theme park.</p> <p>Happy designing! (CLUE: Remember, your village is next to the sea. Could you have a water ride where you land in the ocean?)</p> |
